

Maths word stress 1

Dictation

Mark the stress on these words. Then listen to the words to check if you are right.

acute

algebra

algebraic

adjacent

factor

equivalent

Mark the word stress on these words:

accurate

calculation

denominator

alike

characterise

derive

analyse

characteristic

derivative

analysis

circumference

deviate

approximately

coefficient

deviation

Archimedes

commutative

diagonal

area

componential analysis

diameter

arithmetic (n)

concentric

divide

arithmetic (adj)

conical

divisible

asymptote

consecutive numbers

equilateral

asymptotic

constant

exponent

average

coordinates

exponential

axis

correlate

factorial

axes

correlation

finite

binomial

cumulative frequency

geometry

bisect

cylinder

geometrical

calculate

cylindrical

gradient

Maths word stress 1 – Answers

1	2	3	4	5
Oo	oO	oOo	Ooo	Oooo
average axis axes constant factor finite	acute alike bisect derive divide	adjacent concentric exponent	accurate algebra analyse area asymptote calculate conical correlate cylinder deviate gradient	characterise
6	7	8	9	10
oOoo	oOooo	ooOo	ooOoo	oooOo
